

Intensive English

The Intensive programme suits students who need to get more study into a shorter period of time or who want to dedicate each day to studying. Built on the General English programme, it also includes skills classes focused on key skill areas such as pronunciation.

The programme gives students a chance to immerse themselves in a constructive learning environment, while leaving time in the day to explore London.

Start Dates for GE 15 and GE 20 – any Monday (Tuesday, if the Monday is a Public Holiday)
